MARRIAGE COST PRISONER \$150 HE TESTIFIES

Visits From His Bride To Be Cost Him Ten Dollars

Chicago, May 6.—(P)—Nocturnal fall cell trysts with his bride-to-be at \$10 a visit—and a midnight marriage that cost him \$150 were described in federal court today by Charles Foster, who on Nov. 8, 1934, married Miss Caroline Taft while a prisoner in the Lake county jail at Waukegan, Ill.

Foster and his wife testified in contempt of court proceedings against former Sheriff Lester Tiffany of Lake county as the government strove to show special privileges were extended to prisoners in the jail.

Named with Tiffany, who left office last Dec. 3, were John Hoban, former night jailer; Olaf Pohlson, a jail employee; and Mr. and Mrs. Foster. Questioned by Miss Mary D. Bailey, assistant United States district attorney, Mrs. Foster said she visited Foster in his second floor cell on Oct. 15, remaining from 11 p. m. until almost 4 a. m. next day. Subsequently, she said, she repeated the visits on Oct. 22, Oct. 29 and Nov. 6.

In each case, she said, she was telephoned first at the hotel where she was staying, and at the first visit Hoban and Sammy Friedman, a trusty prisoner, were in the cell part of the time.

"How did you know when to leave?" Miss Bailey asked.

"There would be flashlight rays thrown between the bars of the cell," Mrs. Foster replied.

On their wedding night, Mrs. Foster testified, they left the jail in an automobile with Pohlson and Friedman, routed out of the county clerk to obtain a marriage license and were married by a justice of the peace.

Foster testified he paid Hoban or Friedman \$10 for each night visit and at another time gave Friedman "for privileges."

On Nov. 8, when they were married, Foster said, "I paid Friedman \$150."

Admitting on the stand that he received the \$150, Friedman testified that \$70 of the money was owed him by Foster and that he gave the remaining \$80 to Hoban.

Attorney George W. Fields, for Tiffany, said in opening arguments he will contend his client was innocent, not having been at the jail at the time of the alleged acts and therefore without knowledge of them.

Las. Roosevelt Is Going To Be Farmer, Claim Will Not Become Secretary To His Father As Had Been Reported

Washington, May 6.—(P)—James Roosevelt, 28-year-old eldest son of the president, is going to be a farmer for a while on his father's Hyde Park, New York, estate.

The announcement was made by the White House, which recently had taken pains to deny reports that "Jimmy" would become political secretary to Mr. Roosevelt, a post held by Louis M. Howe, seriously ill for many years.

The White House today again emphasized that James would not be an executive secretary, but young Roosevelt did say himself that he would continue his duties as secretary of the young Democratic Clubs of America. This job places him at a strategic political listening post.

PASSAGE OF BONUS BILL IS ASSURED

Veto Warnings Fail To Halt Action On Measure

By Nathan Robertson Associated Press Staff Writer Washington, May 6.—(P)—Apparently certain senate passage of a full cash bonus measure, despite veto warnings, stood out in bold relief today against an administration legislative program shadowed by a vital supreme court ruling.

Senate leaders, conceding their week-end efforts to work out a bonus compromise had collapsed, showed more concern over the future of President Roosevelt's social security program and the proposed extension of NRA. Hastily, they sought to measure the outlooks for both in the light of the legal standards on which the high court held the railway retirement act unconstitutional.

In contrast, the bonus issue appeared clear out. Leaders looked for a test, probably tomorrow, that would point to whether the Vinson orthodox payment bill or the Patman proposal to pay the bonus with new currency would go to the white house.

Which would prevail was a matter of speculation, but playing a part in the situation was a record breaking downpour of telegrams asking support for the Patman measure. They were inspired by Father Charles E. Coughlin of Detroit, credited with having similarly exerted much pressure for the senate defeat of world court adherence.

But whether the Patman or Vinson measure was passed, Senator Robinson of Arkansas, the majority leader, predicted a veto and asserted his belief that the senate would refuse to override the president.

Meanwhile, the senate's constitutional experts studied intently tonight the court's ruling in the railway retirement case, with a view to assessing its effect on the balance of the administration's legislative program. Administration leaders frankly were fearful of the decision on the social security bill, but were not convinced it would alter the status of NRA.

The senate finance committee was scheduled to begin work tomorrow on the social security bill, in executive session, with Secretary Perkins explaining the measure in detail. Members of the committee said they expected to go ahead despite the court's decision.

Earlier in the day the governor had said he was "very hopeful" the house tomorrow would take its final action on the three per cent sales tax and the companion bill to place a three per cent levy on utilities.

Last week there were widespread rumors, later officially denied, that Hopkins would take over the financing and administration of relief in Illinois.

Railroad Workers Will Receive 22 Million Refund

Washington, May 6.—(P)—The unconstitutional label tacked on the railway retirement act today by the Supreme Court will result in a \$22,000,000 refund to railroad employees.

The estimate was made today by the bureau of railway economics on the basis of deductions of two per cent from rail workers' salaries since last August. This money went into the now abolished retirement benefits pool.

John J. Pelley, president of the Association of American Railroads, tonight expressed gratification at the court decision, estimating that it will relieve "the railroads of paying \$60,000,000 this year in addition to what they are paying now voluntarily for pensions."

In contrast, the bonus issue appeared clear out. Leaders looked for a test, probably tomorrow, that would point to whether the Vinson orthodox payment bill or the Patman proposal to pay the bonus with new currency would go to the white house.

Which would prevail was a matter of speculation, but playing a part in the situation was a record breaking downpour of telegrams asking support for the Patman measure. Associated Press Staff Writer Macon, Mo., May 6.—(P)—Out of a foggy sky, United States Senator Bronson Cutting of New Mexico, a young woman and two pilots plunged to swift death today in a giant air liner, its five gasoline tanks nearly dry and its cabin echoing the shout, "buckle your belts tight."

In the next instant, the sleek night-lining TWA "Sky Chief," a low wing monoplane, crashed with terrific force in a mud-soaked farm pasture near Atlanta, Mo. All of the nine passengers who escaped death were brought here severely injured.

"I was forced down because of lack of gasoline," pilot Harry Bolton gasped before he died, Roy Nuhn, a farmer, testified at a coroner's inquest.

Paul Richter, vice-president of TWA in charge of operations, said there were 30 gallons of gasoline remaining out of a capacity supply of more than 500, but "whether that was enough to feed the engines I cannot say," the pilots were seeking the airport of Kirksville, Mo. 15 miles away, when the crash came.

Nuhn said "some woman with a baby" who was on the ship told him that just before the crash "the pilot suddenly turned around and said 'buckle your belts tight.'"

The bodies of Senator Cutting and one of the pilots were imprisoned in the overturned cabin. The other occupants were flung free from the wreckage.

"He never knew what hit him," Linwood Butler testified concerning his finding of Senator Cutting's body. Emmett Senney of Barnesville, Mo., said the top of Cutting's head was found nearby.

Washington offices of the Senator announced his funeral would be held in New York, with the body to leave Macon at midnight.

Burial will be Oakdale, La., where he was born.

Senator Cutting, 46 years old and a bachelor, with a group of Hollywood film officials bound for Annapolis, Md., to make a picture.

The dead, in addition to the Senator, were: Miss Jeanne Anne Hillias, 20, Kansas City.

Harvey Bolton, 28, pilot, Kansas City.

H. K. Greenon, 24, co-pilot, Kansas City.

The injured, brought with the four dead to Macon, were: Richard Wallace, prominent Hollywood motion picture director, hurt in the chest.

Paul Wing, Hollywood, father of Toby Wing, screen actress, suffering from a crushed chest.

C. G. Drew, Santa Monica, Calif., chief electrician for Paramount Studios, jaw and left leg fractured.

William Kaplan, west Los Angeles, assistant producer with Paramount studios, broken leg.

Mrs. William Kaplan, fractured back, paralyzed from waist down.

Henry Sharpe, Los Angeles, Paramount camera man; superficial cuts.

Mrs. Dora Metzger, Los Angeles or Port Washington, Long Island, N. Y., broken right leg and cuts.

Mrs. Metzger's 15-months old baby daughter, broken left leg and cuts.

Mrs. D. L. Mesker, Kansas City, wife of a TWA pilot, slight injuries.

In Freeport today attorneys for Thielens and Gerner said hope faded with the refusal of Justice E. R. Shaw of the Illinois Supreme Court to grant a writ of superseas to stay the execution.

Thielens and Gerner were convicted by a Circuit Court in Ottawa, Ill., and Hauff pleaded guilty. His punishment, however, was fixed at death despite his plea and testimony involving the others. Another member of the robber band was slain by a posse.

Warden George Schering said he would give the condemned men opportunity to toss a coin to see who went to the chair first. In the event they refused that method, Hauff, whose death cell is nearest the chair, will die first. Gerner second and Thielens last.

The last time this particular brood, No. 9, appeared was in 1918 when the world war was in its last stages. This year Dr. J. A. Hyslop of the agricultural department says they'll be back.

The periodical cicada, sometimes called the 17-year locust, occurs once in 17 years in the northern part of its range and once every 13 years in the southern portion. Each of the 20 "broods" has been scheduled regularly every 17 or 13 years since the pilgrim fathers first saw them in New England forests.

MIDWEST GOP RALLY CALLED FOR JUNE 10

Republicans Will Make Plans For 1936 Campaign

Chicago, May 6.—(P)—Midwestern republicans will seek to "rejuvenate the party nationally and propose a constructive program" for the 1936 presidential campaign when they meet in Springfield, Ill., June 10 and 11.

A call for the "grass roots" rally was issued here today by a group of delegates to be chosen by each state was not set, but it has been suggested that each congressional district send 15 representatives.

Charging President Roosevelt had "broken and shamelessly repudiated" every major promise and had plunged the nation "into a series of fantastic and experimental schemes," the call declared republicans were ready for a "vigorous battle" and would "propose a program x x x calculated to be helpful in the ending of this depression and in the preservation of American institutions."

It was indicated all sections of republicans would be represented in state delegations, chosen by a method prescribed by the signers of the call from the respective states—Illinois, Indiana, Iowa, Kansas, Minnesota, Missouri, Nebraska, Oklahoma and Wisconsin.

At Aurora, Justus L. Johnson, Illinois state central committeeman, said the state "grass roots" committee will convene here Friday or Saturday to determine how a delegation will be selected.

Members of the general conference committee representing the state besides Johnson are Edward A. Hayes, Decatur, past national commander of the American Legion; Noble B. Judah, Chicago lawyer, one time state representative and former Ambassador to Cuba; Mary Smith, Rock Island; and Frank L. Slives, Dwight, national committeemen for Illinois.

First they would go to Walker's division for study. That division also will inform the public what allotments are made and how they are progressing.

The allotments section will recommend to the president what expenditures should be made on the basis of applications that come from Walker's division—seeking specifically to provide a "co-ordinated and balanced program of work."

In giving Hopkins so wide a range of powers, the presidential order provided for:

"A works progress administration which shall be responsible to the president for the honest, efficient, speedy and co-ordinated execution of the work relief program as a whole, and for the execution of that program in such manner as to move from the relief rolls to work on such projects or in private employment the maximum number of persons in the shortest manner possible."

HUGH S. JOHNSON IS SPEAKER AT DEMOCRAT RALLY

Favors Repudiation Of Long, Coughlin And Townsend Plans

Mayfield, Ky., May 6.—(P)—General Hugh S. Johnson called tonight for "forthright repudiation" by the administration of the Coughlin-Long-Townsend economic plans which he declared were holding back recovery "to the extent that they appear to threaten our existing system."

Speaking in a Democratic stronghold at a rally attended by some 7,000 persons from eight counties of southwestern Kentucky, the fiery former NRA administrator declared the United States Chamber of Commerce was right in calling for a declaration against the Long-Coughlin-Townsend policies.

But it was wrong, he said, in opposing pending legislation in Congress.

Introduced by a 13-year-old boy orator, Alton Coutsinger, General Johnson paid tribute to the "purchase" area west of the Tennessee river in Kentucky as a "depression proof" and a "Republican proof" district, which he said appeared to be in the best condition of any section of the country he had visited.

Johnson swerved away from the personal comment he had directed against Senator Long, (D., La.), the Rev. Charles E. Coughlin, Detroit priest, and—to lesser degree—Dr. F. E. Townsend of California in previous public discourses.

His sharpest designations were "political will-o'-the-wisps and nine-day wonders."

He did, however, refer to the two recent meetings in Des Moines and Detroit, attended respectively by Senator Long and Father Coughlin, in this fashion:

"I don't know what happened in Detroit the other day. But the menace that thundered in the index to organize one by one all the discontented of each of the most populous states in the union into powerful lobbies for particular measures—some of which had not even been discussed with the radio congregation—certainly fizzled and failed in the first chapter."

"The proposal of a marriage between share-the-wealth and social justice was rejected by the latter. Huey stole Milo's (Milo Reno, president of the National Farmers' Holiday Association) show at Des Moines and the radio priest was conspicuous by his absence in the great Iowa farm revolt."

"Whether funds failed at Detroit or the good father couldn't get permission to talk in any other diocese than Michigan is unimportant. The abortive union of politics with religion is on the run and Huey isn't getting anywhere with his nonsense, either."

Two Years of CCC

Two years have passed since the establishment of the Civilian Conservation Corps, established by act of Congress in March, 1933. Within a few weeks Jacksonville will have a unit of the corps encamped within its limits, and it is well that the people here know something of the accomplishments of one of the most successful New Deal agencies. In fact the corps has demonstrated its worth so thoroughly that it has met with practically no criticism, which is something that cannot be said for most of the other initiated enterprises that have come into being in the past two years.

A report covering the activities of the corps for two years, from April 5, 1933, date of issue of the creating executive order, until March 31, 1935, has just been issued. Extracts from the report quoted below give a summary of its accomplishments which citizens should know:

The selection and enrollment of 250,000 unmarried young men between the ages of 18 and 25 years was initiated at once. On April 7, 1933, the first man was selected and enrolled for CCC work. Ten days later on April 17 the first 200-man CCC camp was established at Luray, Virginia. Within three months the 250,000 young men, together with an additional 25,000 war veterans and 25,000 experienced woodsmen, had been assembled and placed in 1,468 forest and park camps extending to every section of the

Union. On July 1, 1933, Emergency Conservation Work was extended to the Indians, and 12,000 Indian ECW workers were soon working under the direction of the Office of Indian Affairs on Indian reservations. An additional 45,000 young men and 5,000 war veterans were enrolled from twenty-two drought states in July, 1934. As men completed the time allotted them in the camps or were discharged for other reasons, their places were filled periodically. Since July 1, 1933, the strength of the CCC has averaged about 300,000. The highest strength present on any given date has been 346,000 for the CCC proper and 361,000 for all the forest camps, including Indians and camps located in Hawaii, Puerto Rico, Alaska and the Virgin Islands. The present authorized strength is approximately 370,000 consisting of 353,000 young men, war veterans and experienced woodsmen in CCC camps, 14,800 Indians, 2,400 residents of Puerto Rico, 1,212 in Hawaii, 325 men in Alaska and 160 in the Virgin Islands. These men live in 1,640 CCC camps, eighty-five Indian groups and fifteen outlying possession camps.

The cash allowance of all enrolled men in the CCC has been \$30 a month. With few exceptions every man has allotted approximately \$25 each month to his dependents. Since July 1, 1933, an average of more than 300,000 families has been receiving allotment checks each month allotted by members of the Corps. It is estimated that about 1,000,000 persons have been aided each month through these allotments.

Summed up briefly, the CCC program has supplied jobs to more than one million men, most of them youngsters. At one time or another, not less than 3,000,000 dependents of CCC enrollees have benefited through participation in the \$30-a-month cash allowances earned by CCC men. Officials of the Forest Service and National Park Service assert that forestry and park development throughout the nation has been advanced from ten to twenty years. The cooperating departments estimate the value of the work done by enrolled men during the first twenty-one months of the two years that the camps have been in operation at \$335,000,000. This means that hundreds of millions of dollars have been added to the natural resource wealth of the nation through the completion of a work program of unprecedented proportions. Business recovery has been stimulated through the expenditure of more than \$367,000,000 for manufactured goods, food stuffs, automotive equipment, construction material and other articles needed in the operation of the camps. The CCC program has been and is contributing to national health through building up the physical condition of enrollees, through teaching hundreds of thousands of young men new health habits and sanitation methods and through the development of new recreational areas for millions of Americans.

Prosperity Again

B. C. Forbes, business expert, writing in the Cosmopolitan Magazine, declares that prosperity greater than ever before will come to the United States. He says that America is like a steel spring which has been pressed down and awaits only its release to rebound and extend to greater length. The natural forces of recovery, he says, need only the right impetus to set them to feverish activity. They are "rarin' to go."

No one doubts the inherent initiative and power of the American people to achieve. But the hindrances which have been thrown in the path of progress must be removed. The brakes must be released and the fuel of new capital must be pumped into the business machine.

Mr. Forbes says further: "The very urgency, the very gravity, the very ominousness of conditions and need for remedial, constructive, prosperity-building action, constitute foundations for hopefulness that Washington and industry will shortly be moved to get together and launch cooperative measures to restore shattered confidence, inspire initiative, quicken business and expand employment."

"The greatest responsibility rests on the Administration, because it has become the dominating, not to say dictatorial, factor in our national life." Forbes states that bureaucratic "cracking down" on employment-giving concerns is less popular. "It lately began to dawn on the people that there is no real nourishment in business-baiting; that official condemnation of the employing classes is no satisfying substitute for jobs; that stagnation in reabsorbing the unemployed and the lengthening of the national bread line are stern commentaries on the functioning of the New Deal which cannot be laughed off by even the most self-satisfied, cocksure, swashbuckler bureaucrats."

The tax burden, he warns, constitutes the darkest social and economic cloud.

"Here the duty of all government officials, all lawmakers, all tax-leaders is crystal-clear. They should forswear every avoidable expenditure; they should cease appropriating millions upon millions of taxpayers' money for the purpose of duplicating existing facilities to compete with established enterprises paying taxes; and they should confine expenditures as far as feasible to relieving distress."

By RODNEY DUTCHER
Journal-Courier Washington Correspondent

Washington—Economic recovery has been only partial. But the American big businessman's recovery of his morale appears to be complete. Hanging around the U. S. Chamber of Commerce convention, a curious correspondent had no trouble learning the frame of mind which lay behind the fusillades directed against the Roosevelt administration by speaker after speaker for this great lobby of industry and commerce, which broke definitely with the administration.

Most of these men believe the New Deal contains some threat to the free right to make unrestricted profits. Anticipating business recovery on a rapidly rising scale, they want no interference with their privilege of making whatever money they can.

The average member of the chamber reacts with especial violence against the administration's moves against the "power trust." It makes no difference to him that a public utility is a publicly granted monopoly, as distinguished from a competitive private enterprise.

TVA Is Bogy
He sees the great TVA project as the spearhead—the camel's nose under the tent—for the government's entry into other lines of business.

And he sees Roosevelt's proposed elimination of electric utility holding companies as the beginning of an effort to bust up other huge combinations of corporate power and wealth.

He resists government regulation, because that, too, threatens profits—as in the case of hours and wages. He resents what he considers the administration's encouragement of labor to organize and present demands.

He is divided as to continuance of NRA and AAA and as to Roosevelt's social security program but he is insistent that relief appropriations be cut, because taxes eat into profits.

He is against the Roosevelt banking bill because that means more government regulation.

Few Back President
Usually, he believes New Deal policies have hindered business recovery more than they have helped. But a few members feel that Roosevelt has done more good than harm, though it is now time to "lay off reform" and let business men run business without annoyance from Washington.

A small group feels further government regulation is essential and inevitable. It sees the financial-industrial structure headed toward another and bigger crash, after a possible boom of unequipped duration, unless Washington is in a position to put on the brakes.

But this group is a tiny, almost inarticulate, minority of the Chamber.

How No Longer Muffled
For the first time, the average big businessman feels able to yell blue murder about all the things he doesn't like among the Roosevelt policies.

Two years, and even one year ago, there was a feeling in his heart that his crowd had made an awful mess of things and that it might be necessary partially to reverse the time-honored custom of letting his business tell the government what to do.

But now much of the confidence he had in pre-depression days is restored. Business is better—whether Roosevelt had anything to do with that or not—and good times lie ahead.

Mr. Roosevelt is no longer considered a miracle worker or a "strong man." The more he has compromised with powerful interests represented by the Chamber, the more those interests have kicked his program around as their lobbies here regained their old-time influence.

Lose Fear of Vote Hold
What conservative businessmen most feared was Roosevelt's remarkable hold on the voters, based to some undetermined degree on a blind faith that he would rescue them from the big bankers and industrialists with whom they associated the depression.

For the present, at least, that's not a major factor of worry. On the eve of the Chamber convention, Roosevelt delivered one of his "fireside talks." Many of his friends agree that it was the most ineffective, least inspired, of the several he has made. It was not a "fighting" speech.

The only logical reason for it was its possible stimulation of popular pressure on Congress for passage of the bogged Roosevelt program.

A check on Capitol Hill shows, at this writing, that pressure has not arrived.

With these thoughts in mind as it shouted its defiance at the White House, the Chamber of Commerce of the United States stepped bravely toward the burst of prosperity which it believes is just around the corner.

Rep. Warren Brockhouse Believes Relief Bill Will Be Voted Tuesday

Predicting that the Illinois legislature Tuesday will take steps to continue relief activities in all counties of the state, Representative Warren Brockhouse of this city left Monday afternoon for Springfield in readiness for the pending session. In an interview Representative Brockhouse pointed out the overwhelming importance of quick action in the legislature, so that the needy of Illinois will not suffer.

"The proposed increase in the present 2% occupational tax to a 3% occupational tax for the purpose of taking care of the relief situation in the State of Illinois is probably one of the most important pieces of legislation that has or will come before the present General Assembly," Brockhouse declared. "There are at present two bills pending in the House. Representative which call for enactment of a 3% occupational tax on public utilities and the other an outright increase of the present 2% occupational tax bill which has been in force during the past year to 3%."

Fourteen Votes Needed
"When the 3% occupational tax bill on public utilities was called for a final vote in the House, it received 88 votes for and 52 against and with some of the members of the House falling to vote. This bill which contains an emergency clause requires 102 votes to make it effective at once. Therefore, upon adjournment the bills were 14 votes shy of passage."

"I voted for this bill because I am absolutely opposed to any further bond issues against the State of Illinois even if I were assured that they would be accepted by the banks of this State. I feel that we should pay our way as we go. Under the present Constitution the occupational tax seems to be the only method which can produce the necessary revenue."

With the possible exception of a general tax on real estate and personal property which I do not feel that the people want at this time, the poor people of this State must be cared for and with the legislature that responsibility lies. I predict that when the bill is called back for passage on Tuesday of this week that the necessary votes will be cast for it. The Federal Government has taken the stand that the State of Illinois should furnish about one quarter of the amount necessary to feed the unfortunate of our State and I for one think that this policy is not unreasonable. It is true that the Federal Government has assumed practically the entire burden of relief in some of the poorer States of the Union but undoubtedly this State's capacity to pay is greater than in the majority of the States.

In Time of Need
"With the theory that it should be the duty of a man who has something to help a poorer man, I assume that the same thing should hold true with this United States. It is most certainly true that the wealth of Illinois which is recognized generally as the third wealthiest State in the Nation is due to the Commerce and business which we derive from our neighboring States and if we are able to amass some little wealth from our neighboring territories, in time of need we should not hesitate to help share their burden."

"The present occupational tax is not entirely satisfactory to me but I do not suppose that any tax ever will be generally acceptable to the public. I wish of course that there were some way that the cheaper necessities of life could be excluded but under our present Constitution we can not do this. The present revenue section of the Constitution of the State of Illinois."

Chapman-Tendick Wedding Ceremony Takes Place Here

Jacksonville Young Woman and Manchester Man Wed at Parsonage

The marriage of Miss Dorothy Tendick, daughter of Mr. and Mrs. Henry C. Tendick and Russell Chapman, son of Mrs. E. Chapman of Manchester, was solemnized Sunday afternoon at 2:30 o'clock at the Central Christian church parsonage, Rev. M. L. Pontius performing the ceremony.

They were attended by Miss Eloise Tendick, sister of the bride and Harry Taylor, both of this city. The bride was charmingly attired in a powder blue gown, with hat to match. Her flowers were roses and sweet peas.

Miss Eloise Tendick wore a dress of ash rose with corresponding white accessories, her corsage being of roses and sweet peas.

After being graduated from the Jacksonville High school Mrs. Chapman studied at both Illinois College and the University of Illinois. She later accepted a teaching position in the Manchester grade school.

Mr. Chapman is a graduate of the White Hall High school, later attending Illinois College and Brown's Business College. He is now engaged in business at Manchester.

After the ceremony the couple left for a wedding trip. Mr. and Mrs. Chapman will make their home at Manchester.

Carbondale, Ill.—Prof. W. A. Furr, a member of the Southern Illinois Teachers' College faculty for 23 years, died at his home here Monday of pneumonia. He was 70 years old.

Prof. Furr was a graduate of the University of Indiana, former superintendent of schools at Ottawa and Jacksonville and once a member of the faculty of Illinois College. He was professor of education at the school here.

Less than a month ago Prof. Furr announced to the student body here the death of President H. W. Shryock of the college.

Prof. Furr left the superintendency of the local schools to become principal of the model school in the Southern Illinois institution, where he has since remained. He was principal here for several years, and is well known to many of the older residents. Previous

to his employment in the public schools here, he was a member of the faculty of Illinois College.

Prof. Furr is author of several educational books and is well known to educators throughout this and neighboring states.

The program was in charge of Mrs. Lee Smith, music chairman, followed by a social hour and refreshments by the committee.

The June meeting will be with Mrs. C. E. Brazell, the date to be announced later, at which time they will enjoy a covered dish luncheon.

The election of officers was also on the Thursday program, the present ones being re-elected as follows: Mrs. Mae Johnessee, president; Mrs. Harvey Hull, first vice president; Mrs. Dave Harris second vice president; Mrs. Margaret Snead, secretary, and Mrs. C. G. Hamm, treasurer. On Tuesday after-

Rupture Disappears As If By Magic

Doctor's New Discovery Wins Applause of Thousands

Kansas City, Mo.—A doctor of this city has discovered a newer rupture method that is so successful hundreds have thrown their trusses away—reporting all signs of rupture gone. This method does away with leg straps, elastic belts, binding springs and harsh pads. Every week more and more letters are received from users telling how they now go without any support. All who are ruptured should investigate this discovery at once. Mr. E. O. Koch offers to send the doctor's inexpensive method to any ruptured sufferer for 30 days' use and make no charge if you are not pleased in that time. If you are ruptured be sure to write Mr. E. O. Koch, 8665 Koch Bldg., 2906 Main St., Kansas City, Mo., tonight for his trial offer.

Mrs. A. B. Applebee Again Holds State B. & P. Club Office

Jacksonville Woman Named State Treasurer During Annual Convention

Mrs. A. B. Applebee, member of the Jacksonville Business and Professional club, was re-elected state treasurer at the state convention held in Bloomington May 3, 4, 5. This is an honor which is not only complimentary to Mrs. Applebee but brings distinction to the entire organization.

The Jacksonville club also received the first prize in the state scrap-book contest. This was awarded on originality, artistic arrangement, and publicity. The publicity from two papers placed the scrap-book in Class A. The local committee on publicity included: Miss Ilma Brown, Miss Marguerite Schoedsack, Miss Helen Strandberg, Miss Lucy Mount and Mrs. Anita W. Brockhouse. The book was artistically designed with the emblem and lettering in gold on green, making a most attractive book.

During the round table discussions Mrs. Mabel Olsen of the local club spoke upon transportation, bringing out many important facts which were very interesting to the audience.

268 Attend Convention.

Miss Mary Postlewait was the official delegate and reports an unusually fine convention in every detail. There were 268 registered. Those attending from Jacksonville were Mrs. Alice W. Applebee, Miss Mary Postlewait, Mrs. Lillian Danksin, Miss Carrie Ratachak, Mrs. Mabel Olsen, Miss Rose Ranson.

The convention went on record as opposing the "Eight Hour Bill" for women only. The high lights of the conference were the American Passion Play, held at the Consistory temple, where assembled the largest women's audience which ever attended a production, according to Eldo M. Moore, the manager.

At the banquet, where Madame SchumannHeink was the guest of honor and speaker of the evening, 1,000 were in attendance. The Bloomington Pantagraph stated that Bloomington would never again see such a banquet as the dinner which closed the fourteenth annual state convention of the Business and Professional Women's club.

Mrs. Mary Hastings Bradley was one of the principal speakers of the banquet. She talked on her trips into the interior of Africa with her husband, who is a game hunter.

GENE SARAZEN: he has smoked Camels for years

"THEY DON'T GET YOUR WIND" ATHLETES SAY —

The mild cigarette the athletes smoke is the mild cigarette for YOU!

A cigarette so mild you can smoke all you want—that's what athletes say about Camels.

Gene Sarazen says: "Playing as much as I do—I have to keep in condition. I smoke Camels steadily. They are so mild they never get my 'wind'—never upset my nerves."

Other athletes back him up... "I smoke all the Camels I want, and keep in top condition," says Mel Ott, slugger of the New York Giants... Georgia Coleman, Olympic diver, says: "Camels don't cut down on my 'wind'..." Bill Miller, oarsman; Jim Lancaster, N.Y.U.'s 1934 basketball captain; John Skillman, pro squash racquets champion—hundreds of sports stars smoke Camels regularly and report that Camels never get their "wind" or nerves.

HEALTHY NERVES, "WIND," ENERGY—Condition is important to you—on vacation, in the office, at home. You can keep in "condition," yet smoke all you please. Athletes say: "Camels never get your wind."

SO MILD YOU CAN SMOKE ALL YOU WANT!

Camels

HERE'S A NOTE FROM SIS, MR. JOHN. I BET I KNOW WHAT'S IN IT. AND I KNOW WHY SHE WON'T GO OUT WITH YOU...

DO YOU, YOUNG FELLOW? THEN YOU JUST SPILL THE BEANS AND TELL ME

"B.O." ME? WONDER IF THAT KID KNOWS WHAT HE'S TALKING ABOUT? BUT HERE'S WHERE I HOTFOOT IT TO THE STORE FOR LIFEBOUY AND PLAY SAFE

YOU HAVE THE LOVELIEST SOFT, SMOOTH COMPLEXION

AND I'M GOING TO KEEP IT NICE, TOO, BY ALWAYS USING LIFEBOUY

LIFEBOUY helps your complexion in two ways. It cleanses deeply, ridding skin of beauty-robbing impurities, freshening the skin, yet cleanses gently. Skin tests on hundreds of women show Lifebuoy is more than 20 per cent milder than many so-called "beauty soaps."

stops "B.O."

which contain the essentials for his many bodily needs. These foods are meat, fish, milk, eggs, cereals, fresh and cooked fruits, vegetables, bread and butter. If we feed the children on these things we need not bother our heads over the big names science applies to the nutrients furnished by these foods.

The meat, fish, eggs and milk supply protein which is the food essential which builds new tissues as children add to their height. It also repairs broken down tissues which result from exercise of the muscles. Protein has been aptly termed the "building material."

Body Must Have Iron

Meat also gains recognition from the now commonly known fact that it is an excellent source of iron. A lack of iron in the system is called nutritional anemia, a disorder which is easily treated and quickly responds to an increased amount of foods rich in iron. One serving of meat a day will go a long way toward supplying the child's iron requirement.

Liver is the best food source of iron we know, so many mothers carefully plan to serve liver at least once a week and sometimes oftener. When you are ordering liver from the market for that weekly serving, do not turn down the retailer's suggestion that you try pork liver, for it is a very rich source of iron. In fact, it will supply three times as much iron per serving as any other food. And pork liver is always a good "buy."

To Build Strong Bodies

Meat supplies a goodly amount of phosphorus, one of the minerals which helps in the building of strong bones and beautiful teeth. It also assists in the prevention of the formation of tooth cavities. It, with calcium, is necessary in the daily diet.

Vitamins are still elusive. As a man recently said, "I wouldn't recognize a vitamin if I met it coming down the street." We can't see them but we know that when they are missing from our food or are supplied in limited amounts, the results are serious. An insufficient amount of vitamins in the daily diet will retard growth and cause disorders such as rickets. Doctors tell us that many of the ills of adult life may be laid at the door of poor nutrition in childhood. Meats supply a number of these necessary vitamins, especially B and G which are associated with good appetites and general good health.

In planning the meat dish for the day, consider the children and make it a simple one like Russian Meat Balls, Braised Short Ribs of Beef, or Liver and Rice Casserole.

Russian Meat Balls

1 1/2 pounds ground beef
1 cup uncooked rice
1 teaspoon salt
1/2 teaspoon pepper
1 tablespoon grated onion
1 can tomato soup
1 cup water
2 tablespoons chopped green pepper
Mix meat, rice and seasonings. Shape into small balls and drop into tomato soup, to which water, onion and green pepper have been added. Cook slowly for 40 minutes. Serve on hot plate with tomato sauce over them.

Braised Short Ribs of Beef with Vegetables

5 pounds short ribs of beef
6 medium-sized potatoes
4 large onions
4 turnips
8 medium-sized carrots
3 teaspoons salt
1/2 teaspoon pepper
Wipe the meat with a damp cloth, rub with salt and pepper, place in roaster and sear for 30 minutes in a hot oven (500 degrees F.), reduce temperature to 325 degrees F., or moderate. Add 2 cups water, cover closely and bake 1 hour, then add whole potatoes pared, carrots cut in halves, onions and turnips quartered. Continue cooking until vegetables are tender. Serve meat on platter garnished with vegetables. Serves 5 to 6.

Liver and Rice En Casserole

1 pound liver
1 cup cooked chopped mushrooms
1 cup chopped carrots
1 cup rice
Wash liver in cold water, and cut in narrow strips. Brown these on bacon fat. Cover with hot water or stock, and allow to simmer about one hour. Thicken the liquid to make a thin gravy, using 1 tablespoon flour to each cup of liquid. Add mushrooms and carrots.
Boil rice in boiling salted water. Arrange alternate layers of rice and liver in casserole with rice as the top layer. Pour the gravy over all, cover and bake in a moderate oven 20 to 30 minutes. Garnish with finely minced parsley.

Miss Clara Boehs, daughter of Mr. and Mrs. Herman Boehs of Chapin, and John Leischner, son of Mrs. Caroline Leischner, were united in marriage Saturday afternoon at the Pleasant Plains Lutheran church parsonage by Rev. Paul E. Leischner.

They were attended by Miss Elenora Leischner, sister of the groom, and Herman Boehs, brother of the bride. The reception at the bride's home Sunday evening was attended by Rev. and Mrs. J. H. P. Steving, Rev. and Mrs. Paul E. Leischner, Mrs. Caroline Leischner, Mr. and Mrs. Herman Boehs, Miss Elenora Leischner, Herman and Gerhard Boehs, Walter Clark, Wilbert Steving, Clarence Boatman, and the Misses Lorna, Carrie and Velma Boehs.

Churches Arrange Summer Schedule

Jerseyville Pastors Will Have Union Services in June and July

Jerseyville—The pastors of the Baptist, Presbyterian and Methodist congregations of the Jerseyville churches have announced that a change will be made in the order of conducting Sunday evening services during the summer months of June and July this year.

In keeping with plans worked out by the Jersey County Council of churches union services will be held in Jerseyville during these months with one pastor presiding here and the other two pastors will answer calls to other churches in the county.

The schedule the ministers will follow is: June 9th, Rev. W. S. Steinkraus will preach at Jerseyville, Rev. H. S. Farrill and Rev. W. L. Hanbaum subject to call; June 16th, Rev. Farrill, Jerseyville, Rev. Steinkraus and Rev. Hanbaum, subject to call; June 23rd, Rev. Hanbaum, Jerseyville, Rev. Steinkraus and Rev. Farrill subject to call; June 30th, Rev. Steinkraus, Jerseyville; Rev. Farrill and Rev. Hanbaum subject to call; July 7th, Rev. Farrill, Jerseyville, Rev. Steinkraus and Rev. Hanbaum, subject to call; July 14th, Rev. Hanbaum, Jerseyville, Rev. Steinkraus and Rev. Farrill subject to call.

On July 21st there will be a guest speaker at Jerseyville and the three local ministers will be subject to call. On July 28th laymen will be in charge of union services and the three local ministers will be subject to call.

Streams in Greene Reach High Stage After Steady Rain

White Hall Reservoir Runs Over Spillway; Nearly 2 1/2 Inches Reported

White Hall.—Glen Vandever, water superintendent for White Hall, re-

ported Sunday evening that there has been a total rainfall the first five days in May of 2.31 inches, and the city reservoir is full and has been running over the spillway for two weeks. The average rainfall for May in White Hall is 4.42 inches. For April we had 3.03 inches and the average for April is 3.69 inches. Last year there was only .37 inch of rain in May. In April there were 1.49 inches, in June 1.43, and in July only .04 inches of rain.

John Jones, ferryman at Pearl on the Illinois river west of White Hall, reported Sunday morning that the river stage there was at 13 feet and that the ferry could run until the stage reaches 14 feet.

The river appeared to be at a standstill Sunday morning. However, high water is reported north of Pearl.

Apple creek south of White Hall was coming out of banks Saturday and the crest had not been reached yet Sunday. This is the first time it had been out of bounds this year.

Hurricane creek west of White Hall which empties into the Illinois river at the Pearl ferry landing was quite high near the river. High levees which were built by the federal government

during the past three years along both sides of the Hurricane reaching into Hillview, caused the lower end of the Hurricane which in former days went on a rampage over the bottoms every time there was a heavy rainfall.

Club Plans Concert
The White Hall Music club will observe National Music week by giving a concert in the Christian church next Friday evening at 8 o'clock which will be free to the public. Mrs. C. C. Brown, president of the club, has announced a tentative program for the occasion. The following numbers will be given, with some additional features which are not yet ready to be announced:

Chorus, "Carmena"—By the Club.
Piano solo, two selections from Bach—Miss Mildred Morrow.

Violin solo—Mrs. Paul Alexander.
Piano duet—Mrs. P. J. Roodhouse and Miss Helen Worcester.

Vocal solo—Mrs. L. W. Hornbeck.
Biography, "Stephen Foster"—Miss Mary Ellis.

Vocal solo, "Beautiful Dreamer" (Foster)—Mrs. Russell Roodhouse.

Trio, "Shortnin' Bread" (Wolfe); "April Showers" (Silvers)—Mrs. C. C. Brown, Mrs. Ward Hull, Miss Kate Ellis.

Biography, "Ethelbert Nevin"—Mrs. J. P. Short.
Chorus, "The Rosary" (Nevin).

Piano duet, "Harmonious Blacksmith" (Handel)—Mrs. Clifford Seely and Mrs. Merle Mackey.

Trio, "Mighty Lak a Rose" and "Venetian Love Song" (Nevin)—Mrs. C. C. Brown, Mrs. L. W. Hornbeck, Miss Kate Ellis.

Sixteen are Baptized
Sunday was a banner day for the Patterson Baptist church. Sixteen candidates were baptized in the Hurricane creek at Drake south of Patterson following the sermon at 11 o'clock in the morning. Rev. William Gaither of Jerseyville, veteran Baptist minister of the Sandy Creek Association, preached the sermon at 11 o'clock and Rev. William Greer of Medora, pastor of the Patterson church, performed the baptismal rites at the creek. Other Baptist ministers present were Rev. Ernest Dawdy of Patterson, Rev. John Alexander of Hillview, and Rev. Lonnie Moore of Drake.

A very large crowd was present to witness the baptism. There are a number of other candidates to be baptized at a later date. These are the result of an evangelistic meeting conducted by Elder J. O. Raines of White Hall and the pastor, Rev. Greer, last winter.

Rev. William Gaither of Jerseyville was the guest of Mr. and Mrs. Norville Hicks Saturday night and Sunday.

Mrs. A. R. McConathy and son John of White Hall and Mr. and Mrs. W. J. Allen and son Don of Roodhouse drove to Normal Saturday where Don Allen was a contestant in verse reading.

Mr. and Mrs. Glen Peterson of Jacksonville were guests of her parents, Mr. and Mrs. Ben Nunes on Main street Sunday.

Miss Virginia Childers who teaches at Medora spent the week end with her mother, Mrs. H. A. Childers, on North Main street.

Mr. and Mrs. Allen Kelley of Jacksonville were Sunday guests of her parents, Mr. and Mrs. Wade Alexander, on Carr street.

Chapin Man Stabbed And Seriously Hurt; Assailant is Jailed

John Spires Wounded with Knife; Sheriff Holds William H. Crews

Suffering from several stab wounds on his abdomen and one shoulder, John Spires of Chapin was rushed to Passavant hospital Saturday night and several hours later William H. Crews, also a resident of Chapin, was placed under arrest by Sheriff Kenneth Woods and deputies.

Spires' wounds numbering seven or eight, are reported to be of serious character. One of them is directly over his heart but the knife blade did not penetrate the heart. Another serious wound is on his right side.

Spires and Crews are reported to have met about 9:30 o'clock Saturday night near the Burlington railroad station. There were some words, and Crews is alleged to have drawn a knife and struck Spires with it several times.

The injured man was removed to the hospital, while Crews went on to his home. Sheriff Kenneth Woods and Deputies Cook and Strowmatt arrested him at 4 o'clock Sunday morning at his home. Crews was brought here and lodged in jail.

A warrant was sworn out Sunday in Justice A. B. Opperman's court charging Crews with the assault.

Monday morning x-ray photographs were taken at the hospital to determine the exact extent of Spires' wounds. Dr. Reginald Norris, the attending physician, reported that the lining of one lung was touched by the weapon but that the other wounds were not of such serious nature. Spires is believed to have a good chance for recovery.

MEREDOSIA REVIVAL GROWS IN INTEREST
The revival now in progress at the Meredosia M. E. church is growing steadily in attendance and interest. Services will be held each night this week at 7:30 o'clock. Cottage prayer meetings are planned for Tuesday and Friday mornings at 10 o'clock in two sections of the town.

Evangelists Mary Olive and Mary Paul are winning the hearts of the people with their searching gospel sermons, fine solos, duets and choir leadership.

Two couples from Ramsey, Ill., where the evangelists held a meeting recently, were at the Sunday morning services. Out of town guests are always welcome.

TO PREACH IN SANGAMON
Rev. Bud Allison will preach at the church of Nazarene in Springfield on Wednesday evening, May 8, at 7:30. Instead of at the local Nazarene church. There will be no prayer meeting at the local Nazarene church Wednesday evening.

Dr. H. H. Peters is Stricken and Dies Suddenly at Casey

Secretary of Christian Churches Was Known in Jacksonville

Dr. H. H. Peters, secretary of the Illinois Christian Missionary Society for nearly 20 years, died suddenly Sunday night at Casey, Ill., where he had delivered an address in the Christian church, a message announcing his death was received here by Dr. M. L. Pontius.

Dr. Peters, whose home was in Bloomington, was a prominent figure in the Disciples of Christ in Illinois for many years. Prior to becoming secretary of the missionary organization he was financial secretary at Eureka College. At one time he was pastor of the Paris, Ill., Christian church, and held other pastorates in his earlier years.

The decedent was author of several books, and while a resident of Eastern Illinois was active in political and public affairs. On one occasion he was considered as a Democratic candidate for governor.

Dr. Peters was known by many Jacksonville residents, as he had visited this city frequently. He spoke at Central Christian church during its Centennial program, and was to have occupied the pulpit here later this month.

His death resulted from a stroke, coming only a short time after he concluded an address Sunday night. He was about 65 years old.

Funeral services for Dr. Peters will be held at 2:30 o'clock Wednesday afternoon from the Centennial Christian church in Bloomington. Rev. M. L. Pontius will conduct the services.

Discuss Plans If Relief Bill Fails To Pass in House

Citizens Hold Conference Here Monday Morning; No Action Taken

Steps that may be taken in Jacksonville and Morgan county should emergency relief offices be closed here, were discussed Monday morning at a conference of Chamber of Commerce officials, relief organizations and others. The mayor's office and Morgan County Farm Bureau were represented at the conference of some 15 men and women.

No definite action was forthcoming, as the persons present decided to await the vote of the state legislature Tuesday, when funds to continue relief activities may be provided.

Mrs. Tillie J. Kelly, emergency relief director for Morgan county, and Mrs. Walter Bellatti, county chairman of the relief organization, were present and explained the situation in detail. There were a number of expressions of optimism that the legislature will act favorably on the relief measure when it comes to vote.

At a perfunctory session of the house yesterday afternoon the bill increasing the sales tax from two to three per cent was recalled to second reading for amendment and the effective date changed. It will probably be made to read "effective upon passage."

Then another roll call upon passage will be possible on Tuesday. If the bill is approved the administration will call a companion measure which would include public utility services under the sales tax at the new rate.

Combined, the two bills are expected to raise twenty-six millions annually, ten short of enough to provide the three millions monthly contribution, but sufficient to pay it until the end of the year.

SWABY FUNERAL IS HELD HERE SUNDAY

Services in memory of Mrs. Jennie Swaby were conducted Sunday afternoon at 2:30 o'clock at the A. G. Cody & Son Memorial Home. Adjutant and Mrs. Joseph Frankman of the Salvation Army, and Rev. Harry Lothian of Northminster Presbyterian church were in charge.

Two solos, "The Old Rugged Cross," and "Nearer My God to Thee," were sung by Mrs. L. Arch Vasconcellos, accompanied by Miss Laura Fernandes.

Interment was made in Jacksonville cemetery, the bearers being H. H. Vasconcellos, W. H. DeShara, Frank M. Vieira, L. Arch Vasconcellos, Frank N. Vieira and Shelby Vasconcellos.

Pirates Rally To Beat Braves 8-6

Boston, May 6.—(P)—A three-run rally in the ninth inning plus fine relief hurling by Walter Hoyt and Cy Blanton gave the Pittsburgh Pirates an 8 to 6 decision over the Boston Braves in the first game of their series today.

The Pirates went into the final frame trailing by one run, but Larry Benton, who had pitched scoreless ball after relieving Flint Rhem at the start of the third, was unable to hold the Corsairs at bay. He passed pinch hitter Babe Herman to start the inning. Floyd Young ran for Herman and, when Lloyd Waner connected with a double for his fourth hit of the game, raced to third. Wally Berger made a shoe-string catch of Paul Waner's drive to center, but Young crossed the plate with the tying run.

Forrest Jensen followed with a sharp single to left, putting brother Lloyd on third. That was all for Benton, and Huck Betts was called to the rescue. He intentionally passed the hard hitting Arky Vaughan. Manager Traynor grounded to Joe Coscarati, but Spohrer dropped the throw at the plate as Lloyd came in with the run that put the Pirates in front. Jensen then tallied with the third run of the frame after Gus Suhr's lone fly.

Hoyt received credit for the victory while Benton was charged with the defeat.

"Babe" Ruth Is In Tight Place

By Bill King
Associated Press Sports Writer
Boston, May 6.—(P)—Like most innocent pawns on financial chess boards, the one and only Babe Ruth, head cold and all, today was placed right in the "middle of the Boston Braves muddled affairs."

But that dread spot will probably prove less uncomfortable to the Babe than it is to most of the others who find themselves in such a plight.

He has a 50-50 chance of being rescued, but strangely enough, if he wins, he is going to lose.

On the other hand if he loses, that is if enough aches and pains keep his aching frame out of enough lineups, he will realize his dream of becoming a major league manager by August 1.

But if the Babe plays more or less regularly and keeps the customers pouring in through the gates, as he has been doing since he joined the Braves, he is going to provide enough money to enable Emil Fuchs, the club's financially distressed president, to regain full control of his much mortgaged baseball holdings when July ends. And if Fuchs succeeds in doing so, he has promised that Bill McKee will continue as his manager.

On the other hand, if the Babe fails to bail Fuchs out of his ocean of obligations, the Braves will become the property of vice-president Charles F. Adams on August 1. If this happens, Adams will make McKee his general manager, give him full charge of the club and turn over the managerial post to the ambitious Babe.

From an impeccable source it was learned that Fuchs will either pay off his debts to Adams and buy out his large holdings at a bargain price or before August 1, or step out of the Boston National league baseball picture without further ado.

Blueboys Will Play Eastern If Possible

Illinois College will defend its position in the Little 19 conference this afternoon against Eastern Teachers college of Charleston, but if the grounds are still too wet for a game, the slated battle will be moved back a day to Wednesday.

Coach Raymond Nusspickel said Monday afternoon that there was little hope that the game would be played today. The diamond is in poor shape at present, thoroughly soaked, and badly in need of dragging. Even with clear weather there was not much hope that the field would be suitable today. If the rain stops, the diamond will be ready for a game Wednesday afternoon.

Nusspickel would like to get the game out of the way today in order to clear the decks for the return game with Monmouth. Sulo Matson is slated to do the flinging against the Easterners, and Davis probably will draw the assignment at Monmouth. Nusspickel would like to have Matson in top shape for relief duty that day if necessary, and for the game with the Kirkville Teachers at Kirkville on Saturday.

BIRTH

Mr. and Mrs. William Lynn of near Lynville are the parents of a daughter, Patricia Lee, born at Our Saviour's hospital, Wednesday.

Indians Lose To Red Sox 2 To 1

Cleveland, May 6.—(P)—The Cleveland Indians yielded first place in the American league to the idle Chicago White Sox today when they dropped the first game of their series with the Boston Red Sox 2 to 1 as Fritz Ostermuller outpointed Oral Hildebrand in a mound duel.

The defeat was the Indian's fourth setback in 13 games and left them with a percentage of .692 as compared with .733 for the White Sox, who have dropped four of their 15 contests. Rain forced the postponement of the Chicago-New York game.

Ostermuller, Boston's sophomore southpaw star, held the Indians in check with six hits, fanned six and drove in the winning run in the seventh when he lined a single to center to send Melo Almada across the plate.

Hildebrand allowed only one more safe blow but was not as effective with men on bases.

The Red Sox got away to a lead in the opening frame when Max Bishop coaxed a pass out of Hildebrand, advanced on Roy Werber's sacrifice and scored on Bill Johnson's single. That was all the scoring until the sixth when the Indians knotted the count on a base on balls to Sammy Hale, and Bruce Campbell's pop double.

Joe Cronin's men were not long in taking the lead again, however. Almada led off with a single, moved to second on Babe Dahlgren's sacrifice and set the stage for Ostermuller to win his own game with a single.

58 Drivers Seek Gold in Auto Race

Indianapolis—Nearly three score of the fleetest racing cars in the land are pointed towards a speedy treasure hunt here May 30.

They are entered in the 23rd annual 500-mile race at the Indianapolis Motor Speedway Decoration Day and \$100,000 is to be the award for their roaring efforts.

The entry list has closed and 58 have elected themselves in the contest. Of this number only the 33 fastest will start and ten of those lucky ones will participate in the big purse.

Elimination trials to select the starting 33 will get under way May 18 and continue until two days before the big race.

Veterans who have felt the thrill of victory before, ambitious youngsters who are making their second or third attempt, newcomers with fresh laurels of dirt track achievements at their heads, are among those who seek fame and gold.

Three former winners head the list of favorites. Louis Meyer, quiet young California pilot who won both in 1928 and 1933 may become the only three-time winner of the racing classic. Wild Bill Cummings, last year's victor, may be the only driver to become a successive winner. Popular Pete DePaolo, who set a track record in 1925 which stood for six years, is attempting a come-back packing all of the mental, physical and mechanical equipment necessary to do so.

The entry list features one of the most formidable semi-stock car teams to ever seek honors at Indianapolis. It is the largest team to enter the race. Designed and built by Harry A. Miller, whose special motors have predominated the race for the past seven years, ten "Ford V-8 Specials" will match their performance against the special racing jobs. The cars were entered by Miller himself.

Four capable pilots who have missed the checkered flag of victory by seconds are also seeking vindication. They are Lou Moore, who was second in 1928 and who finished third in the last two races; William "Shorty" Cantlon, who was second in 1930; Wilbur Shaw second in 1933; and Mauri Rose who finished but 27 seconds behind Cummings last year.

Officials declare the field to be the most capable that has ever bid for honors at the Speedway.

Mr. Charles Taylor of Chapin was shopping in the city Monday.

Redlegs Win From Divernon 9 Sunday

Will Play Virden Here On Saturday And At Tovey Next Sunday

Jacksonville State Hospital Redlegs went to work behind Mason's fine pitching Sunday at Divernon and won a baseball game 7-6. Marion allowed nine blows but kept them well scattered.

Two games have been listed for the coming week. The Redlegs will play Virden here next Saturday afternoon and will play a return engagement at Tovey Sunday afternoon.

Manager Carnahan has signed Augie DiCenso, Springfield, to do the receiving for the Redlegs. DiCenso formerly caught at Routh High here.

PUNISHMENT THEME OF LESSON-SERMON
"Everlasting Punishment" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 5.
The Golden Text was: "By mercy and truth iniquity is purged: and by the fear of the Lord men depart from evil" (Proverbs 16:6).
Among the citations which com- prised the Lesson-Sermon was the following from the Bible: "O God, to whom vengeance belongeth, shew thyself, Lord, how long shall the wicked triumph? They break in pieces thy people, O Lord, and afflict thine heritage. He that planteth the ear, shall he not hear? He that formed the eye, shall he not see? He that chastiseth the heathen, shall not he correct? He that teacheth man knowledge, shall not he know? Blessed is the man whom thou chastenest, O Lord, and teachest him out of thy law" (Psalms 94: 1, 3, 5, 9, 10, 12).

Solomon Loyd Dies Suddenly at Home South of Alexander

**Apoplectic Stroke Fatal to
Aged Citizen; Coroner
Conducts Inquest**

Solomon Loyd, 79 years old, dropped dead early Sunday morning at the home of his son, Oco Loyd, south of Alexander. A coroner's jury determined that a stroke of apoplexy was the cause.

Mr. Loyd arose shortly before 6 a. m. and was in the kitchen with his daughter-in-law who was preparing breakfast, when he was stricken. He fell to the floor and was dead within a few minutes.

The decedent had exhibited no signs of illness the night before and had not been under a physician's care for a number of years, having enjoyed good health for a man of his age.

Coroner Elmer Sample empaneled a jury of neighbors and a verdict of death due to apoplexy was returned. The jury consisted of Claude Keenan, foreman, S. J. Camm, O. E. Ryan, A. C. Roberts, A. W. Webster, and Luther Wiley.

Mr. Loyd was born in Kentucky April 1, 1856, and the most of his long life was spent in that state. He was engaged in farming in Kentucky for many years, removing to Illinois about 18 years ago.

Surviving are his wife and four sons. Oco of near Alexander; Clinton and John of Jacksonville; Remus of Oregon; one brother, Bird of Ohio county, Kentucky; and six grandchildren. The remains were prepared for burial at the Williamson Funeral Home in this city, and Monday afternoon were returned to the residence south of Alexander.

Funeral services will be held Tuesday afternoon at 2:30 o'clock at the Alexander M. E. church, Rev. J. R. Warlick officiating. Interment will be made in Diamond Grove cemetery.

To Speak Here

Prof. Paul H. Douglas, Economist.

ECONOMIST TO SPEAK HERE

U. Of Chicago Professor Will Address League Of Women Voters

Paul H. Douglas, professor of economics in the University of Chicago, will address the Morgan County League of Women Voters and their guests following a dinner at the Congregational church on Friday, May 10th.

Professor Douglas is the author of a number of books, including "The Worker in Modern Economic Society," "Wages and the Family," "Real Wages in the United States—1890-1926," "The Problem of Unemployment," "The Coming of a New Party," "Standards of Unemployment Insurance," "The Theory of Wages, and "Controlling Depressions" (March, 1930). In addition to his work at the University of Chicago, Professor Douglas is serving as a member of the Consumers' Advisory Board in Washington and is also director of the Bureau of Economic Education.

"The Theory of Wages" (March, 1930) was awarded the Hart, Schaffner and Marx prize of \$5000 offered in an international competition on the subject.

During the last few years Professor Douglas has acted as secretary of the Pennsylvania Governor's Commission on Unemployment, as economic adviser to the New York Commission, and as a member of the Illinois Housing Commission. He has also travelled extensively abroad. In 1926 he was a member of an unofficial commission studying the American occupation of Haiti, the recommendations of which were later substantially adopted by our government. In 1927 he served as economic adviser to an unofficial trade-union delegation to Soviet Russia and largely drafted the report of that body. In 1929 he was sent to Europe by the Guggenheim Foundation to study unemployment conditions and unemployment insurance abroad. At present, in addition to his work in the University of Chicago, he is serving as a member of the Consumers' Advisory Board in Washington and is also director of the Bureau of Economic Education.

His extended study of economic problems in this country and abroad make him well qualified to present his subject of Social Security.

Dinner plans are in charge of Mrs. Joe Patterson Smith and Dr. Grace Dewey.

Committees Named, Appointments Made At City Council Meet

A council that threatened to kick up its heels wheeled into line after one test vote, heard the appointment of committees, confirmed appointments to the park board, city attorney, approved bonds, and in general cleared away a mass of detail preliminary to getting down to work of administering the city's affairs, at its regular meeting last night, resolved itself into a road district long enough to appoint a work supervisor, and then adjourned to catch up the reigns of government.

A four to three vote, on the confirmation of a city attorney, gave a clear picture of the council's intent, but with the exception of a one man rebellion on requests for confirmation, the council went along peacefully. Three aldermen objected to the confirmation of C. R. Grunty as city attorney, all of them after affirming that they were not opposed to Grunty, but were opposed to voting any confirmations until they had had an opportunity to study qualifications.

Alderman George Brown led the onslaught against the mayor Fletcher J. Blackburn's forces, protesting when the request from the mayor came for confirmation of the attorney's appointment. He was joined immediately by Alderman Ben Denny, who objected to confirming men without having had the opportunity of studying their qualifications. He declared he had no objections to the appointment of any officers but would like to have the privilege of withholding his vote until he had the opportunity of investigating the appointees.

Vote Confirmation

Called to a vote, on a motion by Alderman F. R. Mathews and seconded by Alderman Ralph Green, the mayor's appointment received the votes of Aldermen Cocking, Mathews, Weaver, and Green, and nay votes from Aldermen Denny, Brown, and Early. Brown asked whether the statute required a majority or a two-thirds vote for confirmations, and after several minutes delay, the attorney brought in a statute showing that a majority was all that was needed for confirmation.

Arguments flew thick and fast as the council took up the business of the evening. It first accepted the resignation of O. N. Foreman, city attorney, and then heard the mayor suggest the name of his successor, Denny. The mayor suggested that the appointment be made but that the call for confirmation be withheld.

Alderman Green launched the mayor's side of the arguments when he asked why the council should be deprived of the services of an attorney for any length of time, and Denny assured the council that he was not opposed to Grunty, and that he was satisfied with his qualifications. Alderman Brown asserted, "I virtually the same thought."

Mayor Fletcher Blackburn interrupted the discussion long enough to point out that the council had virtually agreed that Grunty was to be appointed the next city attorney, at an informal meeting held last week, at which appointments were gone over in the presence of the newly elected council.

In order to clear the way for action, Alderman Brown withdrew his second to the motion made by Denny asking for a delay in presentation of the names of appointees, and Denny withdrew the motion. Mathews immediately moved the confirmation. Green seconded and a vote was called.

Appointment Park Board

The appointment of the park board also drew a negative vote from Alderman Brown. Lohman Wagner, Reaugh Jennings, Charles Reinhardt, M. M. Barlow and Basil Scorrills were presented for confirmation and received a 6-1 vote. Alderman Denny was informed that the members of the park board served without pay before he cast his ballot. Prior to the appointment of the new board, the resignation of Ernest Savage, member, was accepted.

With the council voting with him, the mayor presented a series of bonds for acceptance. The bonds of Miss Gertrude Hamilton, city treasurer, who was administered the oath of office last week, for \$50,000, that of C. J. Wright, water superintendent, for \$5,000 and Frank Kiloran, chief of police, for \$3,000, all security company bonds, were approved unanimously.

Another attempt to toss a monkey wrench in the machinery fell flat when the council overrode a suggestion by Alderman Brown that the council investigate the persons who went on the bonds of police officers to determine whether the city could collect that amount from the signers. He asked whether any of the property listed on the bonds was encumbered, and declared that such things should be determined. He pointed out that such a procedure is followed in awarding licenses to liquor dealers.

Bonds were presented and accepted for H. M. Casey, Walter Bradish, Albert Spreen, Wayne L. Carter, and Samuel Harris. Alderman Cocking moved the acceptance of the bonds, and Mathews seconded the motion with the remark that he knew most of the persons on the bonds and was willing to take a chance. The vote was 6-1, with Brown voting against the motion.

Getting their first taste of the business details, the council heard a letter from the state department of highways notifying the city that the section 3CS, West College avenue, had been approved April 16, 1935 and that maintenance of the street, from South Main to South Sandy, was up to the city 10 percent. The street has been closed to traffic as the result of a disintegrating top surface.

The notification was followed by a letter, read by City Attorney Grunty, from the Granite Bituminous Paving company, material company which furnished the Warcolite for the resurfacing of the street, to the effect that the city of Wichita recently had had experience with this material on a street. The city engineer of Wichita related in the letter that the city assumed that leaking gas mains caused

the street to disintegrate, and that the leaks were repaired and the surface relayed without further difficulty.

Williamson Speaks

Former Alderman Harlan Williamson entered the council chamber to explain that the former council had paid the contractor on advice from the state department of highways that the project had been approved on its completion, that the city had no other recourse but to pay the bills, and that the highway department had promised the former council that the material company would stand behind the block of paving, or the company's name would be taken from the list of accepted materials.

The former alderman pointed out that the Warcolite company was trying to prove that the seeping natural gas caused the pavement to disintegrate, but that he was not entirely satisfied with the manner in which the paving was laid. He said that the material was received here in cold weather, and that the contractor injected live steam into the carload. He pointed out that the only part of the pavement which was laid on a truck load of material hauled here from St. Louis, and put down while still warm.

Alderman Mathews reported that he recently had been in contact with Mr. McCurry of the state highway department, and that McCurry planned to come to Jacksonville Tuesday morning for a conference with the mayor and the city council about the paving. He declared it was his opinion that the state should get behind the city in bringing about some settlement, and confirmed the report made by Williamson that live steam was injected into the loaded freight cars. He concluded his report by saying that it was his opinion that nothing could be done to relieve the situation until warmer weather.

Names Committees

Faced with the necessity of paying bills contracted by the former council, Mayor Blackburn announced the following committees in order that investigation could be made where bills were only partially approved by retiring members of the former council. The committees for the next two years are as follows:

Finance—F. R. Mathews, chairman; Ben Denny, Ray Harmon.

Police—Ralph Green, chairman; F. R. Mathews, Ray Harmon.

Highway—F. R. Mathews, chairman; Robert Weaver, W. H. Cocking.

Sewer—Robert Weaver, chairman; Ben Denny, John Early.

Health—Ray Harmon, chairman; Ben Denny, John Early.

Water and Light—George Brown, chairman; Ralph Green, Robert Weaver.

Garage—W. H. Cocking, chairman; Ralph Green, Ben Denny.

Fire—Ralph Green, chairman; John Early, F. R. Mathews.

Ordinance—George Brown, chairman; John Early, W. H. Cocking.

Building—Ben Denny, chairman; W. H. Cocking, Ralph Green.

Public Improvement—Robert Weaver, chairman; George Brown, John Early.

Judiciary—John Early, chairman; Ray Harmon, F. R. Mathews.

A special committee, to work with a committee of residents in determining a plan to be followed in asking for work-relief also was appointed as follows: Ben Denny, John Early and F. R. Mathews, from the council, and T. W. Beadle, J. W. Merrigan and James Walker, residents. This group will work out projects to be developed under the work-relief plan. The mayor will serve as chairman of the committee.

Reports were read from the retiring city treasurer, Carl F. Hamilton, showing a balance on hand in the general fund of \$14,218.40 when he retired from office, an amount which dwindled to \$11,430.07 at the time of the present meeting because of the end of the month pay roll, and a number of bills approved for payment by the retiring council. The water department, collection division, reported collections during April of \$6,777.60, and water sold during the month of \$6,744.92. The report was signed by A. C. Jantzen by C. J. Wright.

Other reports were received and placed on file from Frank Baker, C. S. Smith, Jerry Hawks and John R. Phillips.

Alexander Van Praag, of the engineering firm in charge of the project to rehabilitate the city's waterworks, addressed the council briefly to the effect that his firm was ready to continue serving the new administration according to the contract which he has, and urged the council to call upon him at any time it desired information.

The council voted to pay salary claimed due him by Guy Woods, whose claim was relayed to the council by the new city attorney, and substantiated by members of the police committee of the former council. Woods reported that he was given a 60 day leave of absence and was refused his star and cap when he reported for work at the expiration of this period. He continued to report for work daily, and did so until relieved of his duties May 1.

Three work relief projects were turned over to Alderman Mathews for study before the council takes action. The projects do not call for any expenditure of funds by the city. The finance chairman also was given the reports of the retiring city treasurer

CHECKER CLUB MAY BRING RYAN FOR PLAY HERE

Local Group Seeks Matches For Leading Player Of Nation

Members of the Jacksonville Checker club are endeavoring to bring Willie Ryan, America's leading checker player, to Jacksonville on Friday, June 14, for a series of checker games with players from central Illinois.

Ryan is a former resident of Ashland, Ill., and is considered one of the outstanding players in the United States. At present he is state champion of New York, and has played all of the leading checker players in this country.

If the local club is successful in securing Ryan, it is planned to invite checker player from several central Illinois cities to come to Jacksonville. Ryan in his exhibition plays ten to twelve players at one time. He can also play as many as sixteen players simultaneously while blindfolded.

Ryan has appeared in Jacksonville on two occasions, playing at the Knights of Pythias hall. He is well known to many of Jacksonville's checker players.

The Jacksonville club plans to send the stars of the recent four-county checker tournament against Ryan. Several other star players who were unable to enter the tournament will also be invited to play against Ryan.

Donald Chapman, of the Piggy Wiggly store on the east side of the public square, has been named to solicit funds to bring Ryan to Jacksonville. Several club members have already contributed to the fund.
